

# How to Access Lion Learning!

Lion Learning is your online access to your course textbooks/resources that is available in Blackboard. Here's instructions for accessing these important course materials...

---

**STEP 1:** Login to Blackboard at <https://blackboard.nelson.edu/>.

---

**STEP 2:** Click on the name of one of your courses to enter that course. It doesn't matter which course you click on. However, you will not be able to enter courses or access Lion Learning until the first day of the semester.

---

**STEP 3:** Once inside a course, look to the righthand side of the page for a section called Details & Actions. Under Details & Actions, you will see a heading for Books & Tools. Under Books & Tools, click on "View course & institution tools".
